

Agricultural Advisory Board

The AG Advisory Board's Role in The Property Tax System

Sec. 6.12 of the Property Tax Code requires chief appraisers to appoint an agricultural advisory board. The legislature created this advisory board to help improve communications between the farming and ranching community and the appraisal district. The board's purpose is to advise the chief appraiser on the appraisal and use of agricultural land.

Ag boards must have three or more members and meet at least once a year at the call of the chief appraiser, as required by Tax Code Section 6.12. By appointing the required Ag board and conducting the required annual meeting the board and the chief appraiser support the CAD in improving appraisal classifications of agriculture land.

Agricultural Advisory Board Members Are:

Johnny Patterson

903-784-6679 EXT 2456

Tammy Moss

Katie Reese

Butch Milford

Drew Miller

Drew Crawford
